

FAASafety Team, and the Juneau Flight Standards District Office presents:

# **Southeast Alaska Aviation Association Annual Panhandle Fly-In**

Along with the community camaraderie, this day will also involve Aviation Education and Safety Awareness, which is a major function of SEAKAA.

The schedule of the day's events is as follows:

11 a.m.: Viewing of the aircraft on display in the main area.

We will also have an aviation "gear sale/yard sale" and a Meet and Greet of pilots.

Raffle tickets will also be for sale at this time, and scheduling for local area flights as well.

11:30 a.m.-3:45 p.m. and again 5:15 p.m.-5:45 p.m.: Introductory flights paid via donation only. As of now, we have three GA aircraft that will be doing these short flights. We will comply with FAR 91.146 and furnish the proper paper work as the details get closer. It was made clear with Mr. Luchinetti, that we will provide a badge escort for all passengers out to the planes. No one will be allowed outside the fenced

## Event Details

**Sat, Jul 14, 2012 - 11:00 am**

**Sitka Rocky Gutierrez Airport**

area without a qualified escort. For safety and security reasons we will have our volunteers wearing brightly colored safety shirts with "STAFF" identification.

12 p.m.: BBQ style picnic food will be available.

To avoid FOD, we will have many covered trashcans in the main area.

1 p.m.: Aviation workshops and seminars will be going on all day. These will be held in the 2nd floor training room of the Guardian Hanger. We will also be having many children's airplane flight competitions with prizes as well, inside the hanger.

4 p.m.: "Flour Bag Drop" competition will take place. At this time all of our local area flights will have been suspended. Pilots that wish to participate will already be signed up and know in what order they will fly. In speaking with Dave Luchinetti, we will be providing a qualified person at the target sight to judge the competition. For safety these bags will be made to the specs of a maximum 3 ounces and a fabric tail 4

inches by 6 feet long.

After all pilots have had their drops and the competition is over, the local area flights will resume until the last flight at 5:30pm.

Clean up at the main area will be continuous throughout the day and final clean up will start at 5:30 p.m.

At 5:30 p.m. we will announce and call the winners of the raffle.

**Directions:** Aircraft and Safety displays and activities located between the Guardian Flight hanger and False Island Lodge hanger.

**A message from the National FAASafety Manager**

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?
